ANOTHER GOLF COURSE OF 18 HOLES PLANNED FOR VAN CORTLANDT

Enthusiasts of Bronx County Would Relieve Congested Condition on Old Links.

There is a movement afoot in Brons County to lay out a new eighteen hole golf course on the big hill in Vad Cortlandt Park. The new course was planned a long time ago, but was never carried out because so many persons are to be found swinging golf clubs on the old course all day long that it would be dangerous for work-men to attempt to make any changes. men to attempt to make any changes.

Congested conditions in Van Cortlandt Park have been discussed recently in various taxpayers' associations of the Bronx. It is now suggested that golfers be charged a fee of 25 cents when driving from the first tee, the money to be devoted to the improvement of the links.

"If a charge were made," said a Bronxite, "it would discourage a great many persons who have no real fondness for the game. It would also have the effect of eliminating those who merely 'swat' the ball, or miss it and use pointed expressions. In short, it would give the real golfers a chance."

The clubhouse in the park is at present used by the Scottish-Ameri-

Battle to a Finish With Major

Leagues.

Despite the latest decision of the Federal League to continue its fight there is a persistent rumor going the rounds that Mr. Gilmore and his associates will never be able to start the season. It is known that the showing made by the several managers at the Chicago meeting was disappointing and the newly signed players are beginning to get nervous. Gossip has it that the wise old owls. Tinker, Brown, Knabe and others, took a chance that would enable them to get on the band wagon if the new leagues under contract to make him falter and then came the punch. It would have landed most anybody in the Federal or any other outlaw or-

Jack Ryan, the famous Irish-story-telling-hotel-man, who for years has housed visiting ball clubs in St. Louis, has a new hotel and says, despite bis allegiance to organized baseball, that he will not boycott the Federal Leaguers. "I only hope the league lasts until I get my furniture in," says Jack. "And, say, you know that new league is pretty popular in St.' Louis."

In a rather pathetic note your Uncle Wilbert Robinson complains that the trouble caused over his efforts to get Joe Tinker or some other shortstop "While I was out in Chicago," he writes, "the fellows down on the bay killed 280 blackheads and widgeons in one week." There's another crime the Feds will have to answer for.
